

Volunteers needed to count trail users

www.platteparks.com

We're Counting on You!

Volunteers are needed to help us count bicyclists and pedestrians on Platte County Trails!

Summer Session

July 6-8th, 5-7pm

July 10th, 8-10am

Fall Session

Sept. 14-16th, 5-7pm

Sept. 18th, noon-2pm

One or two volunteers will be stationed at each of the following locations on a weekday and a Saturday:

- **Weston Bluffs Trail (Weston), along the trail, near the north trailhead.**
- **Prairie Creek Greenway (Platte City), along the trail, near the south trailhead.**
- **Missouri Riverfront Trail (Riverside), at the west trailhead entrance**
- **Southern Platte Pass (Parkville), along the trail, near the Tuilleries**
- **Southern Platte Pass (Parkville), along the trail, near Lakeview Middle School**

Feel free to sign up for a weekday or Saturday shift or both! Volunteers will be given training on how to conduct bicycle/pedestrian counts. This project is part of the National Bicycle and Pedestrian Documentation project. One of the challenges facing funding allocated for bicycle & pedestrian trails and facilities is the lack of information about their use. As more data is collected we will have evidence of the demand for bicycle and pedestrian facilities. To volunteer, call Platte County Parks & Recreation at (816) 858-3419 or send an email to feedback@plattepark.com.
